Footnotes:																		

¹ The number of Hospitals in each state is estimated by ONC using American Hospital Association data. ONC procures this data and uses it to estimate the number of hospitals in each state. These hospital estimates may not include all that are eligible to participate in the CMS EHR Incentive Programs. Accordingly, estimates in this table may actually overestimate the share of eligible providers in each state that are participating in the CMS EHR Incentive Programs.

² The unduplicated count of hospitals who have received a payment under the Centers for Medicare and Medicaid Services' EHR Incentive Programs. Results of this analysis may defer from summary staistics reported by CMS. For more information, contact ONCRequest@hhs.gov
